

Due to a work-related conflict, our speaker will not be available for the date of our November meeting. Our meeting will be held as scheduled but instead of the presentation, it will be a social mixer, introduction of the 2009 board and short general meeting. There will be no charge for the meeting and the Rocky Mountain Chapter will buy dinner and drinks.

So please join us November 19, 2008 at 6:00 pm for our last meeting of 2008. It will be at a new location, The Pegasus Restaurant in Castle Rock. See www.pegasusonthesquare.com for more information on the location.

Please note that we are working to reschedule Doug Schlager's presentation, *The NEWclear Renaissance*, about recent activity in the development of new nuclear power generation, including a focus on the process for identifying sites for new nuclear power generating plants. We are investigating offering this presentation as a brownbag lunchtime webcast/teleconference. We will send out more information when it is available.
